

## PECS 4-Step Error Correction Procedure – Attributes (high vs. low)

Step	Teacher	Student
	Entice with preferred and non-preferred items	
		Exchanges Sentence Strip with incorrect attribute icon
	Give non-preferred item	
		Reacts negatively
	Put attribute icon back on book (do not deconstruct entire Sentence Strip)	
<b>1. MODEL or SHOW</b>	Show/tap target picture (get student to look at it)	
		Looks at target picture on book
<b>2. PRACTICE</b>	Prompt student to add target picture to Sentence Strip and exchange strip	
		Adds target picture to Sentence Strip and exchanges strip
	Praise (do not give item). Put attribute picture back on book	
<b>3. CHANGE</b>	"Do this," or pause, etc.	
		Performs action
<b>4. REPEAT</b>	Entice with both items	
	(use ½ sec rule for selection)	Exchanges Sentence Strip with correct picture
	Read Sentence Strip, praise and give item
